## Does it Affect You?

Some required TExES tests are being changed by the State of Texas, and 2020 through 2021 is the transition period. The chart on the back of this flier lists the affected certificates as well as the semester in which the change will take place. Please find your target certificate in the far left column and then move across the chart, noting when you expect to take Internship 1, Internship 2, and then which tests will be required to pass for certification. The test titles along with the testing availability is listed on the back as well.

Students seeking 4-8 certifications have an additional test. Students seeking EC-6 certifications have an additional test along with changes to the content test.

There are several factors that could impact each student individually. To find out if it impacts you, follow the chart on the back of this flier. Be aware that you will need to know which semester you are planning to enter Internship 1 and which semester you will be completing Internship 2 and ultimately graduating. If you have additional questions, please contact your advisor directly.
