Notes:

[^] UHCL's requirements are consistent with the 42-hour Texas core curriculum. If a candidate completes a component of the core at one Texas institution, that block of courses will be substituted for UHCL's same core component(s). Please refer to the community college's core requirements for specific courses in each area above. The core code number is used by Texas schools to identify which area of the 42-hour core curriculum a course fulfills.

1 These General Education Requirements may be fulfilled by approved upper-level equivalents at UHCL.

2 If GEOG 1303 not taken to meet the core, the course will still be required to fulfill the major requirement

3 Must be completed with a grade of “C-” or better.

- Associate degree requirements at the community college, including the minimum allowed grade point average, are found in the community college catalog in effect during the candidate's initial semester of continuous enrollment. See a community college counselor for more information. Please note that not all courses are offered at all community colleges. Check with your counselor for availability of courses on your campus.
- In order to meet the UHCL admission requirement of 54 hours with grades of “C” or better, candidates may complete additional coursework at the lower level. Candidates should contact the School of Education at UHCL about additional lower-level coursework that may apply toward the bachelor's degree
- Candidates are encouraged to attend an Undergraduate Transfer Seminar during the semester prior to enrollment at UHCL. Contact the Office of Admissions at (281) 283-2521 for dates.
