School of Business CIP Program Summary

Detailed School of Business by CIP Program:

22030200 Legal Studies
45100100 Political Science
51070100 BS in Healthcare Administration & HlthAdmPB
51070100 MHA Healthcare Administration
51070100 MHA-MBA Healthcare Administration
52010100 General Business
52020100 Business Administration and Management
52029921 Environmental Management
52030100 BS in Accounting & AcctBSPB
52030100 BS in Professional Accounting & ProActBSPB
52030100 MS in Accounting
52030100 MS in Professional Accounting
52080100 Finance
52100500 Human Resource Management
52120100 Management Information Systems
52140100 Marketing

Note: Prior to Fall 2006 graduate students could be classified as non-declared majors.

In some instances a student's ACADPLAN or school does not match the CIP code major reported to the THECB. OIE cannot change certified data nor can a student's ACADPLAN be modified by OIE. Please use your discretion when interpreting results. Thank you.

Questionable CIP codes that were not applicable to the school were placed in the non-declared major CIP code.

Questionable CIP codes refer to CIP codes that do not pertain to the school in which they were assigned (i.e., a BUS CIP placed in HSH would be questionable).

Note: These data are for the School of Business. If a program had zero data for Summer 2007 it was not included in the demographic trend analysis. If cells are blank then that program did not contain data pertaining to that career or term. Non-declared majors are not included in the detail - refer to the Facts at a Glance Report. Please contact OIE for any questions. Thank you.

University of Houston-Clear Lake: Office of Institutional Effectiveness
Listing of Programs by ACADPLAN CIP CODE with associated Program Review Labels for Dean's Review
Using Summer 2007 Certified CBM-001 Data with ACADPLAN detail

Note: In order to develop a system of standardized reporting, OIE is reviewing the various programs identified in the CBM-001 report in order to create a standard SPSS syntax that can be utilized each year for reporting. Using certified CBM data linked to the student ACADPLAN, the associated CIP code appears to be the most technologically sound methodology to organize the various student declared majors at UHCL. All data for program review by program will be aggregated by graduate and undergraduate career and demographic characteristics will be provided for all of the programs listed. Please review the list below and let us know if you have any changes. If there are programs that you would like combined, an excel data file will be made available to assist in that process. **Thank you very much for your review.**

A column for your comments is included.

University of Houston-Clear Lake
Office of Institutional Effectiveness
Program Profiles: Summer 2003 - Summer 2007 Trends
Report compiled on September, 2007

Data Definitions

Query used = PEGGY_UHCB_001_ONLY

Classification Undergraduate or Graduate based on item5 of the CBM-001 report. Junior and Senior level students, as well as Post-Baccalaureate students are coded as Undergraduates. Master's Level - a student possessing a baccalaureate degree or the equivalent and admitted to an approved master's degree program at the institution. Doctoral students are not applicable for this report and will be reported at a later date in the Graduate category.

Gender Gender. Enter the gender of the student. M = Male F = Female

Status Full-time (12 or more semester credit hours for Undergraduates) or Part-time (less than 12 semester credit hours for Undergraduates). Full-time (9 or more semester credit hours for Graduates) or Part-time (less than 9 semester credit hours for Graduates). The Semester credit hours reported for each student on the CBM-001 were recoded using an spss syntax.

Ethnic Origin Ethnic Origin. Enter the code indicating the ethnic origin of the student.

- 1 White-Non-Hispanic
- 2 Black-Non-Hispanic
- 3 Hispanic
- 4 Asian or Pacific Islander
- 5 American Indian or Alaskan Native
- 6 International
- 7 Unknown or Not Reported

Data Definitions

Ethnic Origin continued	<p>NOTE: In order for pie graphs to display properly values 4 and 5 are shortened to "Asian" and "Am. Indian."</p> <p>International denotes a person who is not a citizen or permanent resident of the United States and who is in this country on a temporary basis and does not have the right to remain indefinitely.</p> <ul style="list-style-type: none">a) Even though a student is allowed to pay the "Resident Tuition" rate due to a waiver (coded 'E' in Item #7), report with the international code.b) Report the ethnicity of students who were coded 'A' in Item #7.c) Continue to report students who have applied to or have a petition pending with the Bureau of Citizenship and Immigration Services and students who base their residency on visas that allow them to domicile in the U.S. as international students.d) Unknown or Not Reported: The unknown classification should only be used if the student has not selected a racial/ethnic designation and the institution finds it impossible to place the student in one of the categories during enrollment, post-matriculation, or verification processes.
First Time or Transfer	<p>First Time or Transfer students are recorded on the certified CBM-001 report and represent students entering the reporting institution for the first time but who have previously attended another postsecondary institution at the same level (e.g., undergraduate to undergraduate or graduate to graduate). This does not include an institution's own graduates who re-enter for further education. This variable does include graduate students who are accepted into a master's or doctoral program for the first time.</p> <p>A "No" for this variable would indicate a continuing or returning student.</p>
Age category	<p>This item is calculated using item6 (date of birth) on the CBM-001 report. The item is then recoded into a year and the birth year is subtracted from the reporting year to obtain age for the student. This methodology differs from previously published OIE reports and has been made simpler due to avoid mis-coding issues and provide more consistent data.</p>
	<p>Tuition status indicates the status of the student for tuition purposes. For Spring 2007 new measures were implemented to provide a greater level of accuracy for this variable. However, this variable is not a reliable indicator for how tuition may have actually been charged to students.</p>

Figure 17: Data Definitions

Semester	The total number of credit hours attempted by students for the current semester using the CBM-001 report.
Credit Hours	This item was recoded into categories for easier trend analysis of student load.
(SCH)
