Student Day and Night Enrollment Summary Data for Fall 2007

The following tables display the number of students taking day, night, or both day and night classes. The CBStartTime variable from peoplesoft query UHCL_OIE_STDNT_CLASS_DATA was used to obtain the start time of each class taken by a student. Students enrolled only in classes that began earlier than 4:30 pm are considered day. Students enrolled only in classes that began later than 4:30 pm are considered night. Students who took both day and night courses are classified as day/night. Internet classes or classes that do not require regular attendance are considered day.
