

Safety, Health and Environmental Job Openings October 22, 2009)

Following is a list of some of the available job openings in the Environmental, Health and Safety area that I am working on. Should you know of anyone that might be interested in learning more about these positions please have them contact me, Paul Shrenker, directly or feel free to contact me yourself and I will give you more details. My phone number is 413-267-4271; email address pshrenker@comcast.net fax 413-726-9099. All searches and candidate conversations are held in strictest confidence and no resume will be mass distributed. Thanks for your help.

EHS Manager (3 positions; NY, M and KY) for this chemical company. I can not provide additional info regarding these jobs in this email so please contact me via phone or email for details.

As most of you know, the past year has been very weak in terms of job creation. If anyone would like help with the following, please contact me via email or phone:

Resume review/critique

List of companies you can target based on the type of industry, size of company and your geographic restrictions. This would include contact information and plant/company details.

Additional openings I find during my marketing campaign but the client company is not interested in using a recruiter to help fill the job.

General information on the eh&s job market.

Anything else you think I might be of help with. Just ask!

There is no fee for anything I might be able to help you with. Please do not hesitate contacting me with any questions. If I can help in any way, I will.

Several positions that I can not post include: **Environmental Engineer, MN;**
Environmental Manager, WI; Safety Supervisor, NY.

Positions are added weekly. If you or someone you know would like to be informed of future job opportunities as they become available, please forward their name and email address to pshrenker@comcast.net. Additionally I usually have a few other openings that I can't "publish" so please give me a call or email me if interested.
