NOTES:

- [^] UHCL's requirements are consistent with the 42-hour Texas core curriculum. If a candidate completes a component of the core at one Texas institution, that block of courses will be substituted for UHCL's same core component(s). Please refer to the community college's core requirements for specific courses in each area above. The core code number is used by Texas schools to identify which area of the 42-hour core curriculum a course fulfills.
- 1 These General Education Requirements may be fulfilled by approved upper-level equivalents at UHCL.
 - 2 In the 12 hours of science, the student must have at least one course in each of the following: Biology (BIOL/ENVR), Earth Science (GEOL) and Chemistry/Physics (CHEM/PHYS/ASTR).
 - 3 Must be completed with a grade of "C-" or better.
 - 4 These courses are required for students pursuing the Associate of Arts in Teaching (AAT). Students not pursuing the AAT may replace these courses with approved upper-level electives.
- Associate degree requirements at the community college, including the minimum allowed grade point average, are found in the community college catalog in effect during the candidate's initial semester of continuous enrollment. See a community college counselor for more information. Please note that not all courses are offered at all community colleges. Check with your counselor for availability of courses on your campus.
 - In order to meet the UHCL admission requirement of 54 hours with a cumulative GPA of 2.0 or higher, candidates may complete additional coursework at the lower level. Candidates should contact the School of Education at UHCL about additional lower-level coursework that may apply toward the bachelor's degree.
 - Candidates are encouraged to attend an Admissions Preview during the semester prior to enrollment at UHCL. Contact the Office of Admissions at 281-283-2521 for dates.
 - Undergraduate students who were first-time freshmen between Fall 1999 and Summer 2006 that exceed more than 45 semester credit hours beyond their state-approved degree plans and undergraduate students who were first-time freshmen starting Fall 2006 on forward that exceed more than 30 semester credit hours beyond their state-approved degree plans are subject to a tuition recovery fee to cover the student's educational costs. For more information, contact the Office of Academic Records.
