

Public Announcement of Accreditation Review:

The University of Houston – Clear Lake is one of only 11 (of over 140) teacher educator preparation programs in Texas accredited by the National Council for Accreditation of Teacher Education (NCATE). NCATE-accredited institutions are reviewed every seven years and the NCATE Board of Examiners (BOE) was on the UHCL campus April 21 – 25, 2007. The BOE recommended UHCL as having passed each of NCATE’s six standards and listed no Areas for Improvement. The BOE report has been considered by NCATE’s Unit Accreditation Board which has issued the final evaluation which states that the teacher educator preparation program at The University of Houston – Clear Lake has been approved with no areas of improvement.
